PACIFIC
BUSINESS COLLEGE,
MECHANIC'S INSTITUTE,
POST STREET, Between Montgomery & Kerney
SAN FRANCISCO,

The importance of a thorough and practical business training for those who contemplate entering the mercantile profession, is too well known to require much comment. Without such knowledge, the young merchant will become involved in many embarrassments which might otherwise be avoided. The youthful aspirant will find himself surrounded by inextricable difficulties, both in seeking a situation, and in the discharge of its duties after employment is obtained. To have received instruction at a mercantile college, endorsed by the leading merchants of the city, is more effective in winning the favor and confidence of a business firm, than all the letters of introduction which friends can give. The

Pacific Business College

maintains a reputation for thoroughness and systematic training, far surpassing that of any other similar institution on the Pacific coast. Most of the leading merchants of this city have employed graduates from this College, and bear testimony to the practical efficiency of the course here prescribed. The system of actual practice embraces all the varied operations of real business. A Ladies' Department has lately been added to this popular institute. This spirit of enterprise cannot fail to draw forth the well-wishes of the public.

Address for all information,
VINSONHALER & DE LAGUNA,

A CARD

We the undersigned, merchants and business men of San Francisco, California, are at the present time, employing men who have completed the prescribed course of study at the Pacific Business College, and we take pleasure in stating that we have found them well posted in accountantship and the general principles of business, showing conclusively that they have been subjected to a thorough drill in those important matters, by experienced and competant instructors.

We cheerfully recommend the College as being in our opinion, an institution of intrinsic merit, and well worthy of the confidence and support or the community.

S.T-1860-X.

A great French Physician says: "More than half of the disease in the world comes from neglect to fortify the system against changes of climate, weather and food. The great secret of health is to keep the condition of the Stomach and Blood regular and uniform, so that changes from Heat to Cold, from Dry to Damp, etc., cannot upset the machinery of the body, and breed disease."

Now, it is a fact, positive and well known, that there is no such bulwark and assistant for the Stomach as

PLANTATION BITTERS.

This splendid tonic is now used by all classes of people for every symptom of a "Stomach of order."

The secret of it is this: Plantation Bitters are certain to correct the juices of the Stomach set all its machinery at work, and enable it to resist and throw off the approaching danger The tendeny of the operations of Nature is always towards a cure; all she needs is a little assistance at the proper time. How much more reasonable and sensible it is to help her along with a gentle, yet powerful Tonic, than to deluge and weaken and defeat her curative processes with poisonous drugs and fiery mixtures, which only stupify and plant the seeds of disease and death.

Important Certificates.

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life
REV. W. H. WAGGONER, Madrid, N. Y.

"* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy frend.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer.

The public may rest assured that in no case will the perfectly pure standard of the PLANTATION BITTERS be departed from. Every bottle bears the fac-simile of our signature on a steel plate engraving, or it cannot be genuine.

Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. Beware of refilled bottles. See that our private stamp is UNBROTLATED over every cork.

LYON'S MAGNETIC INSECT POWDER is sure and certain death to everything of the Insect species—Fleas, Roaches, Mosquitoes, Ants, Bugs,

IT KILLS INSTANTLY.

What is peculiarly surprising in regard to this article is, that notwithstanding its instant death to insects, it is perfectly harmless to mankind and domestic animals. It can be inhaled or eaten with impunity. It bears the testimony of eminent disinterested chemists that it is

FREE FROM POISON.

No other article has ever given such positive satisfaction in its use.

Its reputation is well known. It is easily and readily used—directions accompany each flask. Beware of counterfeits.

The genuine has the signature of E. LYON, and the private stamp of DEMAS BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

Sold by all druggists and dealers on Pacific coast

MEXICAN

LINIMENT.

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered.

No compound has ever been invented so useful and efficacious in curing

RHEUMATISM, SORE THROAT,
STIFF AND WEAK JOINTS, BURNS,
BRUISES, EAR ACHE,
SPRAINS, SWELLINGS,
FRESH CUTS OR WOUNDS,

Or any other complaints requiring an external application.

FOR HORSES

It is an indispensable and valuable remedy in all cases of Spavin, Splint, Ring-Bone, Wind-Galls, Bruises, Strains, etc.

It should be kept in every house, camp and stable. Accidents will occur. Promptness is efficacy.

All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. WESTBROOK, Chemist, and the *private* U. S. stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. *Look closely!*

OUR GIRLS.

No person of observation and sense can fail to see that "our girls" have gone so far in their worship of fashions, no matter how absurd, or incovenient, or extravagant, or unhealthful they may be, that it is an open question, not "where will they stop?" but "how far can they go?" What, but a few years since, was a moderate and reasonable consideration, has now become an absorbing and ruling passion. Instead of any thoughts of improving the mind, or elevating the morals, the entire time, almost, of all "our girls" is devoted to the style of the hair and the fashion of their apparel; so that the man who wishes for a wife and companion, is, compelled to choose from almost brainless dolls. It is somewhat calming, if not gratifying, however, to know that our country is not alone nor in advance, in this unhappy state of "our girls." The subject has attracted the comments of the London Saturday *Review*—and we advise every father, and mother, and daughter, and son, to read the extract which follows:

"Nothing is too extraordinary and nothing too exaggerated for her vitiated taste; and things which in themselves would be useful reforms if let alone become monstrosities worse than those which they displaced so soon as she begins to manipulate and improve. If a sensible fashion lifts the gown out of the mud, she raises hers midway to the knee. If the absurd structure of wire and buckram, once called a bonnet, is modified to something that shall protect the wearer's face without putting out the eyes of her companion, she cuts hers down to four straws and a rosebud, or a tag of lace and a bunch of glass beads. If there is a reaction against an excess of Rowland's Macassar, and hair shiny and sticky with grease is thought less nice if left clean and healthy crisp, she dries and frizzles and sticks hers out on end like certain savages in Africa, or lets it wander down her back like Madge Wildfire's, and thinks herself all the more beautiful the nearer she approaches to look to a maniac or a negress. With purity of taste she has lost all that far more precious purity and delicacy of perception which sometimes mean more than appears on the surface. What the demi-monde does in its frantic efforts to excite attention, she does in imitation. If some fashionable *devergondee en evidence* is reported to have come out with her dress below her shoulder blades, and a gold band for all the sleeve though necessary, the girl of period follows suit next day; and then wonders that men sometimes mistake her for the prototype, or that mothers of girls not quite so far gone as herself refuse her as a compaion for their daughters.—She has blunted the edges of feeling so much that she cannot understand why she should be condemnd for an imitation of form which does not include imitation of fact; she cannot be made to see that modesty of appearance and virtue ought to be inseparable, and that no good girl can afford to appear bad, under penalty of receiving the contempt awarded to bad.

The imitation of the demi-monde in dress leads to something in manner and feeling, not quite so pronounced perhaps, but far too like to be honorable to himself or satisfactory to her friends. It leads to slang bold talk, and fastness; to the love of pleasure and indifference to duty; to the desire of money before either love or happiness to uselessness at home, dissatisfaction with the monotony of ordinary life, and honor of all useful work, to the worst form of luxury and selfishness, to the most fatal effects arising from want of high principle and absence of tender feeling. The girl of the period envies the queens of the demi-monde far more than she abhors them. She sees them gorgiously attired and sumptuously appointed, and she knows them to be flattered, fed, and courted with a certain disdainful admiration of which she catches only the admiration while she ignores the disdain. They have all for which her soul is hungering, and she never stops to reflect at what a price they have bought their gains, and what fearful moral penalties they pay for their sensuous pleasures. She sees only the coarse gilding on the base token, and shuts her eyes to the hideous figure in the midst, and the foul legend, written round the edge. It is this envy of the pleasures, and indifference to the sins, of these women of the demi-monde which is doing such infinite mischief to the modern girl. They brush too closely by each other, if not in actual deeds, yet in aims and feelings; for the luxury which is bought by vice with the one is the thing of all in life most passionately desired by the other, though she is not yet prepared to pay quite the same price. Unfortunately, she has already paid too much—all that once gave her distinctive national character."

REMARKABLY PRUDENT.—The Virginia *Enterprise* has the following item on the capture of Riley the murderer of Sheriff Smith:

The crowd engaged in trying to capture Riley the other day exhibited great prudence in all their evolutions and goings and comings. We are told by chief Strouse that while he was in the bushes three men who were driving ox teams along the road stopped and joined in the pursuit of the fugitive. They came close upon him, when he arose from behind a bush, and all three beat a hasty retreat. One of them was known to Riley, who called to him and asked him to come to him, as he wished to tell him something; the man was afraid to go, though Riley begged him to come and assured him he would not hurt him; yet the man would not approach him. It is thought that he wished to send some word to his family. We may state here, as we omitted to mention the fact in another place, that not a single bullet mark was found on Riley's body after his death, except that inflicted by his own hand. There was a bruise on his forehead, caused, it is thought, by his fall when his horse was shot under him; also a slight hurt on one hand, supposed to have been received in the same way and at the same as the bruise on his head.

THE New York *Atlas* edifies its readers with the following in regard to the manner in which the "amenities" are observed in California:

Every locality has its forms and ceremonious usages which go to make up the etiquette and standard of politeness from that particular locality. The residents of Cable City, in California, have a style peculiarly their own, as will be seen by the following dialogue, reported by an eye witness:

Brown—Mr. Jones, allow me to introduce to you my wife.

Jones—The h—l!

Brown—Mr. Jones, this is my wife's sister.

Jones—The h—l fire!

THERE is a story of a man who bought a lot of hogs in Illinois, and drove them slowly to Chicago. He was compelled to sell at a loss of four hundred dollars. Returning home, he was asked by his neighbors what were the profits of his operation. "Well," said he, "I reckon I didn't make much money out of the trip, but I had the company of the hogs down!"

CHARLESTON AND FORT SUMTER.—A correspondent of the Springfield *Republican* writes as follows of the appearance of Charleston to-day:

Ruin and desolation must have held high carnival in this place; whole squares, parts of squares and single buildings were burned in all parts of the city, and there has not been a single good building put up here since the close of the war—a few small huts is all. The buildings injured by shells have been most of them repaired. The Mills House, where we are stopping, was struck thirty-eight times. Saturday we visited the ruins of Fort Sumter, and more perfect mass of debris can hardly be imagined. Every front, except a small portion of the northeast, is entirely demolished, and that shows signs of severe pounding.

There is no work going on at the fort, and only four or five guns remain in it. A lighthouse has been erected at the northeast corner of the river, and the garrison consists of one negro ane the lighthouse keeper. The iron that was hurled against it has been nearly all picked up, but there are still fragments of shells scattered on the rock that surround the fort.

The gardens of Charleston present a beautiful scene to northern eyes: the bright, glossy leaves of numerous evergreen trees, and the opening buds of deciduous ones, cannot but be pleasant to one so recent from the snow and ice of the north. Oranges are growing in the open air, camelias and japonicas are in blossom, the Spanish bayonet, the magnolia, the holly the live oak, and many other tropical and semi-tropical trees, are scattered profusely around in the gardens of the city. The citadel and the United States arsenal, unlike many other buildings in the city, are pretty clean and in good repair. At the latter place we saw the two and three hundred pound Parrot guns that were used to shell the city, and a hundred or more guns, mostly 10-inch columbiads, of all shapes and sizes. There are but seven hundred soldiers now stationed in the city.

We see but very few young men here.—We are told that they all went to the war, and but few ever returned.

There is scarcely any money in circulation here now, and during the war there was none.

"OWES ME A LIVING."—It is among men who try to get a living by some shift or trick of laziness that we hear the familiar words, "The world owes me a living." A loafer who never did a useful thing in his life; who dresses at the expense of the tailor, and drinks at the cost of his friends, always insists that "the world owes him a living," and declares his intention to secure the debt. I should like to know how it is that a man who owes the world for every mouthful he ever ate, and every garment he ever put on, should be so heavy a creditor in account with the world. The loafer lies about it. The world owes him nothing but a very rough coffin, and a retired and otherwise useless place to put it. The world owes a living to those who are not able to earn one—to all who in course of nature, or by force of circumstances, are dependent; and it was mainly for the supply of the wants of these that men were endowed with the power to produce more than enough for themselves. To a genuine shirk the world owes nothing; and when he tells me with a whine that the world owes him a living, I am assured that he has the disposition of a highway robber, and lacks only his courage and his enterprise.—*J. G. Holland.*

WE take the following passage from the "Personal Recollections of Charlotte Elizabeth:"

Her father came in while the staymaker was spreding out her buckram, whalebone, etc.

"Pray what are you going to do with the child?"

"Going to fit her with a pair of stays."

"For what purpose?"

"To improve her figure. No young lady can grow up without them."

"I beg your pardon; young gentlemen grow up very well without them, and so can young ladies."

"Oh, you are mistaken. See what a stoop she has already! Depend upon it, that girl will both be a dwarf and a cripple, if we don't put her into stays."

"My child may be a cripple, ma'am, if such is God's will; but she shall be one of his making not ours."

As a consequence of the father's obstinacy, and ignorance of what is requisite to make a lady, his daughter grew up without headaches, dyspepsia, and other lady-like maladies.

REMARKABLY PRUDENT.—The Virginia *Enterprise* has the following item on the capture of Riley the murderer of Sheriff Smith:

INGENIOUS METHOD OF CATCHING RATS.—S. H., of Decatur, Illinois, is responsible for the following:

Cover a common barrel with stiff, stout paper, tying the edge around the barrel; place a board so that the rats may have easy access to the top, sprinkle cheese, pairings or other feed for the rats on the paper for several days, until they begin to believe they have a right to their daily rations from this source. Then place in the bottom of the barrel a piece of rock about six or seven inches high, filling with water until enough of it projects above the water for one rat to lodge upon. Now replace the paper, first cutting a cross in the middle, and the first rat that comes on the barrel top goes through into the water and climbs on the rock. The paper comes back to place and the second rat follows the first. Then begins a fight for the possession of the dry place on the stone, the noise of which attracts the rest, who share the same fate.

I SAW HER BUT A MOMENT.—She wore a handsome crinoline on the day when first we met; and she scudded like a schooner, with a cloud of canvas set. As she swept along the pavement, with a grandeur fit to kill, I saw her but a moment, yet methinks I see her still.

The wind was on a bender, and as saucy as a witch, and it played the very dickens with dust, dimity and sich. The gaiters were delicious which her feet were made to fill, I saw her but a moment, yet methinks I see her still.

She scooted round the corner, and streaming out behind, her crinoline and calico were romping in the wind; to have kept her in position would have baffled twice her skill, I saw her but a moment, yet methinks I see her still.

I shut my eyes tremenjus, for I didn't want to see a display of pretty ankles when it wasn't meant for me; and until I lose my senses I am sure I never will, I saw her but a moment, yet methinks I see her still!

THE yellow fever is making frightful ravages at Lima; the deaths average 200 daily, and 2,500 are in hospitals. All places of amusement and schools are closed by public orders. Among the victims are Blakely, the inventor of cannon, and his wife. At Calao, there were 630 deaths in May.

THE young men of Canada are reported to be leaving in large numbers for California.

HAPPINESS IN A FUTURE STATE—A SPIRITUAL REVELATION.—That happiness has no absolute standard, but is merely a relative condition, the following incident fully proves. It is told and vouched for by a conductor on one of the railroads entering the city of Troy. A few days ago while in a promiscuous assemblage of strangers in a public place, he was attracted by a lady of surpassing beauty, whose dress and manner indicated high social position. An occasional wildness in look, however, led him to watch her closely, and from a brief conversation which she held with another lady, he discovered that she was a widow, and a believer in spiritual manifestations. The other lady, who professed to be a "writing medium," proposed to put her in communication with the spirit of her departed husband, to which arrangement she consented with evident delight. She prepared herself with paper and pencil, and falling quickly into a trance state, called for the spirit of the late partner of the beautiful lady's joys and sorrows. After a brief delay a response was received, and the interview proceeded thus—the medium writing down the answers, while our railroad friend looked over her shoulder:

Wife—My dear husband, do you know me?

Spirit—Yes.

Wife—How long have you been in your present sphere?

Spirit—Ever since I left the body.

Wife—do you regret your departure?

Spirit—No.

Wife—Are you happy?

Spirit—Yes.

Wife—Are you happier than when you lived with me?

Spirit—Yes, far happier.

Wife—Where are you, my husband?

Spirit—In Tophet.

The lady gave a little scream and the medium roused from her trance. It may, perhaps, be useless to add that our friend, who is a bachelor, has postponed indefinitely the execution of any intentions which he might have for the moment entertained toward the widow because of her wonderous beauty.

STRANGE.—The water in Lake Michigan is said to be five inches lower than has been known for 18 years, and 30 inches lower than it was six years ago. This calls to mind some curious facts in regard to the rise and fall of the lakes. It has been ascertained that, with considerable regularity, there is a periodical ebb and flow in the lake, the water rising gradually from seven to nine years, and subsiding in the same manner, while, at long intervals, the waters reach an unusually high stage, exactly corresponding with the rise and fall of the sea at the spring tides.

Another noticeable fact is that, in the spring, at a period when the discharge into the lakes is greatest, and when they are least effected by evaporation, the water is invariably the lowest. In the fall, after the subsidence of the spring freshets, and when under the full effects of summer's droughts, and after the evaporation has been the greatest, it is found that, instead of any abatement in their volume of water in their basins, there has been a gradual rise during the entire summer. These are the facts, and although they have engaged the attention of scientific men, no solution has yet been reached. It has become apparent that the lakes are not affected by freshets, droughts or evaporation. But whether these phenomena are are the effect of subterranean channels and outlets, a sort of mystic connection which brings the lakes within the influence of inter-oceanic currents is still an unsolved problem.—*Chicago Times.*

DR. THOMAS, when Bishop of Salisbury, used to tell the following story: "While I was chaplain to the British factory at Hamburg, a gentleman belonging to the factory died at a village about ten miles distant. Application was made to the pastor of the parish for leave to have him buried in his church-yard, but, on being told that he was a Calvinist, he refused.

'No,' said he, 'there are none but Lutherans in my church-yard, and there shall be no other.'

This being told me (says Dr. Thomas) I resolved to go and argue the matter with him, but found him inflexible. At length I told him he made me think of a circumstance which once happened to myself when I was a curate in Thomas Street. I was burying a corpse, when a woman came and pulled me by the sleeve in the midst of the service, saying,

'Sir, sir, I want to speak to you.'

'Prythee,' says I, 'woman, wait till I have done.'

'No, sir I must speak to you immediately.'

'Why then what is the matter?'

'Sir,' said she, 'you are burying a man who died of the small-pox next to my husband, who never had it.'

The story had the desired effect, and the pastor permitted the bones of the Cavinist to be interred in his church-yard."—*Presbyterian.*

POPULAR FALLACIES.—That you can receive one dollar a day, and spend two, and get rich.

That the man who don't pay for his breakfast can raise the money to go into a circus.

That to do a man one favor, and then refuse him another, won't make him twice as mad as if you had refused him the first.

That when a man presents you a hound it will cost you nothing.

That when you buy on credit, knowing very well you will not pay, it is not stealing.

That next year's taxes will be lighter.

That every other man is to die except you.

That if you have a good cause in love, war or law, pitch in, you are bound to win.

That you can play draw poker and loose just so much and do more.

That there is one way known to yourself, to break a faro bank.

That when you buy a horse he will be certain to turn out as represented

That if you always say what you think, you will win the regard of the entire community.

That if you place your reliance for bread upon the promises of a politician, you will never go to bed hungry.

That confidential friends never gossip to others about you.

GENERAL SHEMAN.—The Columbus *Journal* tells the following: "At one of the Connecticut towns where he was brought out on the platform to be seen by his fellow citizens, just before the train left he observed a tall, awkward looking fellow approaching the cars, elbowing the crowd in the most exciting manner, and belowing 'Sherman! Sherman! don't you know me?' The General intimated that he did not, at that momment, recognize his questioner as a familiar acquaintance. Don't you remember down in Georgia, stopping one day on the march where there was a crowd of fellows looking on at a chicken fight?' The General laughed. 'Yes,' said the fellow, with a grin of ineffable satisfaction and modest triumph 'that was my rooster what whipped."

E. B. BOUST.

TAKEN IN.—Californians are, if they do live without the bounds of civilizatiion, about as sharp as the rest of mankind "and a little more so." A short time since some San Francisco gentleman obtained a claim (blue gravel), situated something less than a thousand miles from Iowa Hill, in this county, and erected a fine mill for crushing the cement. After working some time and spending a goodly sum of money, the fact was demonstrated that the claim was a "fizzle," and so the owners had no other recourse but to sell; accordingly one of the partners, there were four in all, started for the Bay city to find a purchaser. He had been in the city but a few days when he heard of rich, young, Englishman who was traveling around the world to see the sights, and who was at that time sojourning in the city. To him our mining friend determined to make a sale, if possible. In the course of a few days he obtained an introduction to Johnny Bull, and in the course of their conversation referred casually to a rich mining claim in which he was interrested, and which he was desirous of selling. Our English cousin listened attentively to the story of the miner, and finally proposed visiting the mine as he thought some of investing in mines. He was accordingly escorted to the town of W. Hill, situated near the mine, where they were received very cordially by the partners who had remained at home. Never was Johnny B. permitted to be alone for a moment; in the evening they would engage his attention in games of cards and chess, and when he arose in the morning some one of the four were in waiting to engross his attention and prevent his conversing with outsiders in regard to the mine; men in the meanwhile were engaged in getting out cement for crushing. After a sufficient dirt had been gotten out, an amalgamator was sent for, and the gravel run through the mill.—The result of the crushing was "big," and as a consequence our English cousin was carried away with the result and immdiately advanced twelve thousand dollars of the purchase money to bind the bargain. He, however, desired to make another run before making a final payment. Now came the time for superior tact. The amalgamator was sent by the sharps to say that the character of the gravel in the mine had changed and that it would be immpossible to run through any more and make it pay unless the mill was overhauled and a pan placed in it. "A pan!" says Johnny B., in astonishment, "What kind of a pan?" After making a diagram, and talking to him for some time he was made to understand what was required, and check for seven thousand was obtained to pay for the necessary alterations. The new lead which the partners had struck yielding so well, to divide the spoils satisfactorily was a matter of no small importance, and a disagreement was the result of the first dividend, and the next morning the man on watch thinking himself the misused party, proposed, on the appearance of the purchaser of valuable mines, that they go and take a drink, and on the way to the saloon told our English cousin that he was being played. Without taking a drink, and without wating for breakfast, Johnny left the town and has never been heard from since. He saw seventeen thousand dollars worth of the world in a little over two weeks.

BANNER COMPANY.—We learn from the owners of the above mentioned claim, Messrs. Rablin and Company, that they intend to commence the sinking of a shaft on the mine some time during the coming week, to endeavor to find the blue lead, which they are persuaded crosses from Thompson's Hill into Eastman's Hill, near that point. Last year they sunk a shaft to the depth of twenty-seven feet and found plenty of cement of a bluish cast, in which gold was visible, but for some reason, to us unknown, they abandoned the work for a time, but they intend to prospect it thoroughly this time. If they discover the lead at this point, enough ground will have been prospected, to give employment, if properly worked, to thousands of men for years to come.

WASHED DOWN THE SLUICES.—On Thursday of last week, a Mr. Hawkins, in the employ of Messers. Endean and Company, dropped his shovel in the sluices, in which a full head of water was running, and, not being an experienced miner, thought to get it again and ran along down beside the sluices for that purpose and when about thirty feet from the end, where the water and dirt dumps off into the canyon, he jumped in to reach it, and was immediately thrown off his feet and carried by the water over the dump, falling a distance of thirty feet, but, strange to say, breaking no bones, though bruising him pretty badly.

SURPRISE'—On Thursday last were surprised by Prof. Martin, who was the bearer of important dispatches from his Excellency, David Mayer, Esq., in the shape of three glasses (six quart ones) of iced sherry cobblers and strawberries; we immediately took the accompanying key and soon disposed of the matter in hand; the Devil applied a goodly portion to the press with beneficial results. You can come again and feel assured your favors will ever be as thankfully received as in this instance.

MESSRS. KELSEY & CO., owners of Jehosephat are now passing a large quantity of dirt through their sluices. A short time since they struck a mass of bluish cement and thoughts of the great ancient river channel immediately took possession of their minds, but as they piped the bank down their blue gravel gradually passed away.

ATTENTION BLOCKHEADS.—Certain parties about town, for the want of better employment have been speculating as to the course the ENQUIRER meant to pursue in regard to the Presidential contest; wondering why we do not hoist a ticket, and the like; some of them saying that we were keeping quiet until the Democray made their nominations, in order to find which would be the most popular party. Now we would say to these fellows that had they read our paper they would have known long since who we supported for the Presidency, but for futher information we refer them in particular to our issue of June 6th. The reason we do not hoist the ticket is because we can use the space for something else. The idea of making a local newspaper a political expounder is absurd; to fill our columns with political matters would be of no benefit to any body. We intend, whenever an opportunity offers itself, to put in our best licks for the Union nominees.

ROBBERY.—On Friday of last week the cabin of Mr. William Calderwood was entered by some gentlemen (?), wholesale dealers, we suppose, in second-hand clothing, and three pairs of pantaloons stolen therefrom. In the pockets of one pair of pants was seven dollars in coin and a gold specimen pin that would weigh about five dollars. Mr. Calderwood says that if the parties who "muzzled" it will return it to this office they will receive fifteen dollars in coin, and no questions will be asked them. Now, boys, in order to be well dressed you should have a coat to wear with your pants and this will be an excellent way of obtaining the requisite amount.

THEATRICAL.—Miss Katharine O'Neil's troupe gave one of their chaste and pleasing entertainments at this place last evening. Miss O'Neil's singing was really excellent, and was received with great favor, and her conception of Irish characters is deserving of praise. Mike Quinn the negro delineator and banjoist is alone worth the price of admission. Miss Lizzie Shelton as a dancist, is not easily surpassed, and Geo. H. Edmonds, the, violintst, is one of the best we have ever heard. We were pleased to receive a call from the courteous advance agent, Mr. R. A. Edmonds. Take it as a whole, this is one of the most pleasing troupes that has visited our town.

ON last Tuesday thirty Chinamen who were engaged in excavating a snow tunnel, near the Summit, were caved on and covered up by the snow. Only six of them were dead when found.

A CAVE occured in the Summit tunnel on Thursday which detained the up train for some time.

Since the above was written and in type, we learn that on Monday a cave occurred near the mouth of the Summit tunnel, by which eight Chinamen and two white men were killed. Whether these reports all refer to the same accident or not we cannot tell, but we do know that six Chinamen were brought here for interment.

KEEP COOL.—The well-know fact that many people in this vicinity are in the habit, during the warm weather, of getting themselves into a sweat, has induced those philanthropic gentlemen composing the Nevada Ice Company, to run a wagon over this way every other day in order to assist them to keep cool. Their wagon will be in town to-day, and families wishing ice can have it delivered at their doors. Our neighbors at Gold Run will also be regularly visited.

PAINFUL ACCIDENT.—On Thursday afternoon, as a man named John Gray, was at work in the Kearsarge mill, his hand came in contact with the saw, which removed the fingers and about one-fourth of the palm. Dr. Nelson was telegraphed for and went up to the mill, and dressed the man's wounds. The Doctor thinks it will be necessary to amputate the balance of the hand.

SOME weeks since we called attention to the ragged appearance of certain buildings on Main street but we notice no attention has been paid to the matter; one building in particular should be torn down; it was bought by some parties for that purpose and a portion of it removed, but the balance stands a monument of no credit to the appearance of the street.

THE Messrs. Staples, of the Summersett claim have adopted an apparently novel method of working it: Finding it too hard at the bottom to be readily cut by their pipes, they have moved to the top of the bank and are now washing down, and the man who tends the sluices is about two hundred feet below the one at the pipes. They are making the dirt travel.

PARTY AT EMIGRANT GAP.—We acknowledge the receipt of a complimentary ticket to a party at Emigrant Gap, on next Tuesday evening, the 23d inst., at Caffyn's Hotel. We regret that business engagments will prevent us from attending. We do not doubt but what those who attend will enjoy themselves greatly, as Mr. Caffyn intends to do his best.

A NARROW ESCAPE.—On Tuesday, as Mr. Bates Hobbs was hauling a load of soap root from the factory to the railroad depot, he was thrown from the wagon and fell straddle of one of the hind wheels, and slipped from thence forward on to the brake-block and but for the timely upsetting of the wagon would have been seriously hurt between them.

THE citizens of Gold Run are affecting city airs. They have formed a base ball club, and, we learn, turn out in numbers every afternoon to have a game. A few days since, while playing, Mr. W. W. Ware had one of his little fingers knocked out of joint.

THE YOUNG FOLK'S CONCERT.—This concert given on last Saturday evening, though not a success, financially, was a great triumph on the part of the little folks who, dressed their prettiest, did their best. The inclemency of the weather detained large numbers from attending.

PRETTY GOOD.—The Dutch Flat company cleaned up this week, after fourteen and one-half days' run $3,400. This claim is worked under the supervision of Mr. S. D. Warren an experienced miner, as the result of the run shows.

OUR Sacramento *Union* missed us yesterday, and we missed it.

THE SWEETWATER MINES.—C. W. TOZER, formerly a resident of California, in a letter under date of May 28th, thus sums up his judgement of the Sweetwater mining region:

The country has been very much overestimated, and many exaggerated accounts of its richness have been circulated through the newspapers and otherwise, yet there is nothing here to go crazy over, or even to get excited about. There certainly is a very large amount of quartz here which will, so far as developed, compare favorably with the gold-bearing quartz of California, and which will some day be worked with profit, making this, in due time, a prosperous mining region. Of the placer mines, nothing positive can be said as yet. The Spring, here must come in Autumn, if ever, for it is Winter yet, although work has been commenced on the creeks and gulches, to open and develop them. No definite results, however, have as yet been obtained, but the prospects are favorable for good average paying diggings; say from $4 to $8 per day, and this to a considerable extent. I have become actively engaged in both quartz and placer mining, and am opening claims on Rock creek, bringing in water to what is called "Oregon Gulch" by means of a ditch four and a half miles long. I am sinking on a quartz lead known as the "Coriso" and putting up four arastras, to be run by water power. I am bound to win or lose, and don't care much which. Lem Colbrath arrived here a day or two ago, right side up.

A PAPER published at Chico, in Butte county, which tries its best to assimilate the style of the La Crosse *Democrat* publishes the following "beautiful" lines:

Look at the hands of those damned villains, red up to their arm-pits, in the blood of the people of the South, shed on their own soil, in defence of the rights guaranteed to them in the Declaration of Independence! Look at their feet on the necks of this gallant people, backed by a standing army of white and black soldiers! Look at the desolation, wrought by the torch, all over the Southern States, evidences of a mode of warfare borrowed from the examples of the barbarian conquerors, Tamerlane, Attilla and Alarac.

Well, Hall, you had better excrete a little more like the above, and then bury yourself in it.

THE Napa *Register* gets off the following in answer to to the charges of drunkenness preferred against Grant:

It must have been fighting whiskey, we suppose the general made use of, and not the miserable tangle-leg used by the rebels. If the General never gets any drunker than he was at Fort Donelson, Vicksburg and Richmond, we shall feel perfectly safe in voting for him for the Presidency. When he gets into the Executive chair, we want him to keep just so drunk, till he has cleaned out the rebels and traitors that are the pest of the country in time peace, as effectually as he did their brethren and co-laborers on the field of battle. If Grant can do such glorious things for his country and for his own fame when drunk, we don't see any particular necessity for his ever getting sober."

THE SURVEYOR FORGOT THE LEFT ANGLES.—The Tulumne City *News* has the following

A few days ago, a limb of the law of Calaveras county wrote to a brother chip, of this place, from Copperopolis, requesting him to make corrections in a deed, suggesting that instead of the words "at right angles," he should insert the words "left angles," The disciple of Coke and Blackstone here, politely informed the gentleman, that, "in laying off the town the surveyor forgot to make any left angles, and as his descriptions of propdrty deeded were taken from the map drawn by the surveyor, he did not see how he could make the corrections as requested."

THE Batesville (Ark). Republican remarks: "There is one feature pertaining to the present General Assembly which is worthy of particular note, viz: There is not a member in either the Senate or House of Representatives who cannot write his own name in a plain legible hand! And we now assert without fear of successful contradiction (because we are prepared to prove it), that this is the first General Assembly that ever convened in Arkansas in which there were not members who could not write their names."

COMPIMENTARY.—Last week, in Sacramento, upon reception of the news of the capture of Oregon by Price's army, a band of "mudsills," as working men are called by the chivalry, visited the residences of the various leaders of the Democratic party to hear the "usual speeches." Upon visiting the residence of Attorney General, Jo Hamilton, that Gentleman appeared, and in the course of his remarks said: "I see victory depicted in the sweat of the dirty faces of the laboring men now before me!" Dirty faces of laboring men! That has the true chivalry ring about it.—*Shasta Courier.*

A HARD PLACE.—Hayes City, on the Pacific Railroad, says an interior exchange contains fifteen hundred people, nearly one-half of whom subsist by selling whiskey to the other half. The gospel has never been preached in the place. Shooting at each other is the standard amusement of the population, four persons having been shot in a single week recently. Might is right' and revolver is Court of first and last appeal. It has not rained there for six months.

IT is not very material who shall be designated as the Democratic candidate for the Presidency.—*Stockton Gazette.*

Not at all material. Anybody will be supported! Chase or Brick Pomroy, Field or Vallandigham, Hancock or Jefferson Davis—whoever shall be nominated, no matter what he was, what he is or what he did, he will be supported all the same.—*Sacramento Bee.*

GEO. W. WOOD, formerly a resident of this place, and the pioneer conductor on the C. P. Railroad, conducted the first through train from Sacramento to Reno, on Thursday last, on time. The citizens of Dutch Flat are proud of the gentlemanly representative they have on the road, in the person of Mr. Wood.

THE telegraph, and the Democratic press have been, as they have been for some time past, during the week engaged in hunting up an available candidate for the Presidency. At last accounts it seemed to be a wild goose chase.

THERE will be a Strawberry festival given by the ladies of the M. E. Church at the Golden Eagle Hall, on Tuesday evening, June 23d. All are invited to attend.

THE weather during the past week has been very sultry; on yesterday the sun was shut out from view by misty clouds, and the air was hot and oppressive.

THE Dutch Flat Amateur Dramatists have reorganized, and are now making preparations to favor us with an entertainment on next Saturday evening.

WE are indebted to Mr. Morris of the Empire stable for turning his hose up this way occasionally and sprinkling the street in front of our office.

IF you wish the very best CABINET PHOTOGRAPHS, you must call on BRADLEY & RULOFSON, 429 Montgomery street, San Francisco.

A CARD. Dr. J. H. Joscelyn would respectfully inform his friends and patrons that notwithstanding the malicious prosecution lately commenced against him in the Police Court charging him with procuring an abortion he, still continues the practice of his profession, and is prepared to vist patients at their residence (unless too far removed from San Francisco) and to forward medicines to parties in the interior requiring his services. All communications strictly confidential, and the name of a patient never divulged *under any circumstances.*

THE OAKLAND COLLEGE SCHOOL.

Much importance is yearly attached to the annual public exercises of this institution, and the press has lately contained many flattering allusions to it, as an institution in which Californians take much pride, and which it is their wish to see rivalling the boasted academies of the East and Europe, we deem it but just to give further publicity to their statements: The San Francisco *Alta* of June 11, contains the following notice:

Monday, Tuesday and Wednesday of this week have been occupied at the Oakland College School by the annual public examinations. This institution has become so exceedingly popular throughout the entire region bordering on the Pacific Coast, that a very comprehensive and economical system of instruction has been necessitated in order to meet the varied wants of several hundreds of students of all ages and nationalities. A large number of Mexican boys, the sons of wealthy merchants in Lower California, Arizona and Mexico, have entered here. Many of them could not speak the English language when they first came; now they not only use it fluently but are among the first scholars in mathematics, bookkeeping, the modern languages, drawing, painting and music. Especially are they characterized by a gentlmanly deportment and graceful manners. In the curriculum of school exercises, modern languages are made, not an optional study, but an important part of the regular course of study. This is, of course, done under the most favorable circumstances. In some of the classes three different languages are made the medium of conversation and translation; an opportunity is thus offered both for practice and theory.

The classes have been graded into three distinct departments, to which are assigned special teachers, apartments and play grounds. The Primary Department is especially designed for young boys, to whom the lowest rudiments of instruction are taught. By this judicious separation not only are the small boys kept from mixing too much with the larger ones, but a very great degree of emulation is enkindeled.—They all appear to look forward with great interest to the day when they shall be promoted to a higher department. The Junior is a step higher, graded on the same principle. In the Senior a subdivision occurs, being a separation of those students who take the regular classical course and those who desire merely a general but thorough business education, minus the classics. In this latter department diplomas of graduation are given to graduates who rank high in the scale of learning. In chemistry students have the full privilege of the finely furnished laboratory of the college of California, under the charge of professor William B. Rising. In natural philosophy and surveying they enjoy the use of a complete apparatus and set of instruments.

During the examinations a fine transit was ably handled by a class in surveying, showing that here as well as elsewhere, practice is combined with theory. Many of the students who have left the institution are now holding prominent positions on Governmental and private surveys. The commercial course is as complete as can be obtained by students. A class containing about fifty students, variously graded, was examined in double entry book-keeping.—Their books were offered for the inspection of visitors, who, many of them being good judges, pronounced them the best set which they had ever seen exhibited by a class.—Some of the balance sheets were worked up with great accuracy and skill, the penmanship in all cases being neat and legible. The corps of teachers could not be easily improved. The Principal is Rev. I. H. Brayton, A. M., supported by an Associate, Rev. E. G. Beckwith, A. M., who was formerly President of the College at Honolulu, and a Vice-Principal, Fredrick M. Campbell, A. M., whose reputation as an educator is enviable throughout the State. Besides these the Faculty is composed of eighteen others, with their various appointments.

The students number about two hundred and fifty, all in good health and glowing from abundant exercise. Fresh air, plenty of room, liberal diet, airy school-rooms, a pleasant prospect, a fine corps of teachers and an excellent system of instruction—these are some of the elements to which the school owes its success.

AN enterprising quack has contrived to extract from sausage a powerful tonic, which he says contains the whole strength of the original bark. He calls it "Sulphate of Canine!" He anticipates a great popularity for it.

THE Hoosac Tunnel, when completed, will be over 27,000 feet (five miles) long. Only 7,000 feet of the mountain has been penetrated. The project has cost Masschusetts $4,000,000 already and will require $8,000,000 to finish it.

NICE.—What is nice? Those bottles of Cronk Beer left at this office by the manufacturer, W. W. Ware, Esq., of Gold Run. Call and see us whenever you are up this way, friend Ware.

FLATULENCY, SOUR STOMACH, AND HEARTBURN.

The above are the warnings given by nature of approaching dyspepsia and liver complaint. Avert the danger by using Bristol's Sugar-coated Pills. They invigorate the liver, tone and strengthen the stomach, and enable the bowels to perform their functions with ease and regularity.—Occasional doses of Bristol's Sarsaparilla will greatly hasten a cure. 569.

REFRESHING FRAGRANCE.

Neither the French, English nor German perfume possess any refreshing or invigorating properties, their heavy, sweet smell quickly becoming oppressive and disagreeable; not so with the fresh floral fragrance of MURRAY & LANMAN'S FLORIDA WATER, which, after years of constant use, is found more refreshing than at the first trial.

☞ As there are worthless counterfeits, buyers should always ask for the Florida Water prepared by Lanman & Kemp, New York. 543.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington street, San Francisco.

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SARSAPARILLIAN!

(PREPARED FROM VACUO.)

The Curative Principle of Sarsaparilla enters largely into the composition of

R. R. R.

RESOLVENT.

One Bottle of Resolvent Better than Ten Large Bottles of Sarsaparilla.

One Bottle will Purify the Blood, and Expel Corruption from the Body!

So swift is this remedy in entering into the circulation, that it has been detected in the blood and urine in six minutes after it has been taken.

☞ 1 BETTER THAN 10 ☜

R. R. R. Resolvent cures with astonishing rapidity every form of Chronic, Scrofulous and Skin Diseases, and exterminates all corruption from the human system.

One bottle of Dr. Radway's Renovating Resolvent contains more of the active curative principles of the best Jamaica Sarsaparilla, (Sarsaparillian,) than Ten of the largest size bottles of the mixture sold under the name of Sarsaparilla.

The process adopted by Dr. Radway in securing extracts (prepared in vacuo,) of Medicinal Roots, Plants, Herbs, and other vegetables possessing great curative properties over Scrofula, Chronic, Syphilic and skin diseases, that enters into the composition of the Renovating Resolvent, produces only ONE OUNCE of the pure extract out of 20 lbs of crude roots. The Inert matter that enters so generally in the large bottle mixtures and prepared under the officinal or pharmacopeia formula, is, by Dr. Radway's process, cast aside as rubbish.

One teaspoonful of the Resolvent is sufficient for a dose for all Skin, Salt Rheum, Pimples, Blotches, Sores and Eruptions of the Skin, Humors in the Blood, &c.

One teaspoonful, three times a day, will, in a few days, make the Blood pure, the Skin clear, the Eyes bright, the Complexion smooth and transparent, the Hair strong, and remove all Sores, Pimples, Blotches, Pustules, Tetters, Cankers, &c., from the Head, Face, Neck, Mouth and Skin. It is pleasant to take, and the dose is small.

The first dose that is taken seizes on the disease and commences its work of resolving away all diseased deposits, Purifying the Blood, and driving corruption from the system.

The Renovating Resolvent, if used in any of the following named complaints, will positively cure the patient:

Skin Diseases, Caries of the Bones, Humors in the Blood, Constitutional, Chronic and Scrofulous Diseases, Scrofula, Syphilis, Fever, Ulcers, Sores, Salt Rheum, Erysipelas, Rickets, Scald Head, Cankers, Sore Legs, White Swellings, Glandular Swellings, Boils, Nodes, Sore Ears, Sore Eyes, Strumous Discharges from the Ear, Opthalmia, Itch, Constitutional Debility, Skin Eruptions, Wasting and Decay of the Body, Pimples and Blotches, Tumors, Cancerous Affections, Dyspepsia, Water Brash, Neuralgia, Chronic Rheumatism and Gout, Diseases of the Kidneys, Bladder, Urethra, Strictures, Difficulty of Passing Water, Calculous Deposits &c.

ALARMING INCREASE OF BLADDER, KIDNEY and CALCULOUS DISEASES.

The annual reports of the Health Commissioners of different cities, show a great increase of deaths from diseases of the Kidneys and Urinary Organs—RADWAY'S RENOVATING RESOLVENT is the only remedy *that has dissolved* calculous concretion.

Its SOLVENT, *diuretic, lithontriptic* and *tonic* properties exceed that of any medicine in the world; it readily assimilates with the fluids, and promotes their exit through the Kidneys, Urethra and Bladder, removing calculous obstructions, and correcting all derangements of these organs.

So swift is this remedy in passing into the circulation, that it has been detected in the urine in six minutes after it has been taken; by adding to the liquid when cold a few pieces of starch, then a few drops of nitric acid, the liquid will change to a blue color. When brick dust, or a thick white deposit, like the white of an egg, (albumen,) is detected in the vessel, or bloody discharges from the urethra, or micturating in drops, accompanied by a burning or scalding pain—the RESOLVENT should be used and R. R. RELIEF rubbed on the spine. &c.

RADWAY'S PILLS being an aperient, soothing, and tonic laxative, are the only purgative medicine safe to administer in these difficulties; their mild soothing and healing properties produce evacuations without irritating the mucous membranes of the bowels, kidneys, ureter, bladder, &c., or causing straining when at stool.

Price of Resolvent, $1 per bottle, or 6 for $5. Pills 25 cts. R. R. Relelf, 50 cts. per bottle. Principal Depot, 87 Maiden Lane, N. Y. Sold by all Druggists and Country Merchants.

REDINGTON & O.'S

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car; or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

UTERINE CATHOLICON

If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects cause by a relaxation of the outlet of the bladder. It is a most successful remedy for the Gravel and other diseases of the Kidneys and Bladder, and for female diseases is unequalled. The *Catholicon* uniformly cures Prolapsus Uteri, Whites, all Irregularities of the Monthly Turns, Suppressions, Incontinence of Urine, Bloating, Dropsical Swellings, and all diseases of pregnancy.—The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to as healthy a state as those of childhood and youth, so that patients who have used the *Graefenberg Company's Uterine Catholicon* cannot sufficiently express their gratitude for the relief afforded.

ALL OVER THE W RLD

People of sense and udgment have learned to use

PLANTATION BITTERS.

Dyspepsia, with its symptoms, Headache, Heartburn, Feverish Lips, Bad Breath, Sallow Complexion, etc., can be cured by using PLANTATION BITTERS.

This is the most successful tonic of the age. Young, middle-aged and old are delighted with its effects.

The first trial always has a marked effect.

No change in diet is necessary. Eat all you wish, of the best and most nutritious food.

It is the greatest cure ever known for an overloaded and distressed stomach, which it relieves in a few moments.

We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of.

PHYSICIANS ARE COMPELLED TO RECOMMEND IT

CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France for the enormous price of its weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, etc.

CASCARILLA BARK.—For Diarrhœa, Colic and diseases of the stomach and bowels.

DANDELION.—For Inflammation of the Loins, and Dropsical Affections.

CAMOMILE FLOWERS.—For enfeebled digestion.

LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN.—For Scrofula, Rheumatism etc.

ANISE.—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also clove-budge, orange, charaway, coriander, snake-root, etc.

S.T-1860-X.

Another wonderful ingredient, of Spanish origin imparting beauty to the complexion and brilliancy to the mind, is yet unknown too the commerce of the world, and we with ehld its name for the present.

With this recipe before the community, and evidence of effects meeting them on all sides, the success of DR. DRAKE stands founded upon the rock of truth. Almost every family has some cases of suffering which the PLANTATION BITTERS will alleviate and cure.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. It is put up only in our log cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison. See that every bottle has our United States stamp over the cork unmutilated, and our signature on steel-plate side label.

Sold by respectable dealers throughout the habitable globe.

MEXICAN MUSTANG LINIMENT

The merits of this Liniment are well known; its effects are instantaneous, soothing and wonderful.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

READ THE FOLLOWING:

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, etc., and all say it acts like magic."

J. W. HEWITT,
Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

ED. SEELY,
Gloucester, Mass., Aug. 1, 1855.

Quick and sure it certainly is. All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the private U. S. stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone-plate label. *Look closely!*

Sold by all Druggists and Stores, at 25 and 50 cents and $1.

MEXICAN MUSTANG LINIMENT.

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered.

No compound has ever been invented so useful and efficacious in curing

RHEUMATISM, SORE THROAT,
STIFF AND WEAK JOINTS, BURNS,
BRUISES, EAR ACHE,
SPRAINS, SWELLINGS,
FRESH CUTS OR WOUNDS,

Or any other complaints requiring an external application.

FOR HORSES

It is an indispensable and valuable remedy in all cases of Spavin, Splint, Ring-Bone, Wind-Galls, Bruises, Strains, etc.

It should be kept in every house, camp and stable. Accidents will occur. Promptness is efficacy.

All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the *private* U. S. stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. *Look closely!*

Sold by all Druggists and Stores in every town and mining camp on Pacific coast.

DUTCH FLAT ENQUIRER.

THE SOUL'S ERRAND.

The following poem is supposed to have been written by Sir Walter Raleigh:

Go, Soul, the Body's guest
Upon a thankless errand;
Fear not to touch the best;
The truth shall be thy warrant,
O, since I needs must die,
And give them the lie.

Go, tell the Court it glows,
And shines like painted wood;
Go, tell the church it shows
What's good, but does no good,
If Court and Church reply,
Give Court and Church the lie,

Tell men of high condition,
That rule affairs of State,
Their purpose is ambition;
Their practice only hate;
And if they do reply,
Then give them all the lie.

Tell Zeal it lacks devotion;
Tell Love it is but lust;
Tell Time it is but motion;
Tell Flesh it is but dust;
And wish them no reply,
For thou must give the lie.

Tell Age it daily wasteth;
Tell Honor how it alters;
Tell Beauty that it blasteth;
Tell Favor that she falters:
And as they do reply,
Give every one the lie.

Tell wit how much it wrangles
In fickle points of niceness;
Tell Wisdom she entangles
Herself in over wiseness;
And if they do reply,
Then give them both the lie.

So, when thou hast, as I
Commanded thee, done blabbing,
Although to give the lie
Deserves no less than stabbing;
Yet stab at the who will.
No stab the soul can kill.

"THE CHICAGO BIBLE," a new edition of the Scriptures, is announced as forthcoming. The advertisement says that a new feature of the edition will be a family record suited to the wants of the day. In addition to the pages ordinarily devoted to births, marriages and deaths, several leaves will be added for divorces.

AN Arkansas negro, expounding the Scripture, had occasion to touch upon antediluvian longevity, and in the course of his remarks, said that in those days men didn't marry before they were two hundred—and, in fact, were twenty-five years old before they were born.

A LADY who had refused to give after hearing a charity sermon, had her pocket picked as she was leaving the church. On making the discovery she said: "God could not find the way to my pocket, but the devil did."

The best of friends fall out. Our teeth are no exception.

MEDICAL.

THE SCIENCE OF HEALTH!

Every Man His Own Physician.

HOLLOWAY'S PILLS,

AND

HOLLOWAY'S OINTMENT!

Disorders of the Stomach, Liver and Bowels,

The Stomach is the great centre which influences the health or disease of the system—Abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, fiental depression, nervous complaints and unrefreshing sleep. The Liver becomes affected and generates bilious disorders, pains in the side, &c. The Bowels sympathize by Costiveness, Diarrhœa and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum,

Are two of the most common and virulent disorders prevalent on this continent, to these the Ointment is especially antagonistic, its "modus operandi" is first to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions on the Skin.

Arising from a bad state of the blood of chronic diseases, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.

Whether in the young or old, married or single, at the dawn of womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation, they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

Piles and Fistula.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emolient; warm fomentations should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles,	Sore Legs,
Burns,	Rheumatism,	Sore Breasts,
Chilblains,	Ringworm,	Sore Heads,
Fistula,	Salt Rheum,	Sore Throats,
Gout,	Scalds,	Sprains,
Stiff Joints,	Tetter,	Ulcers.
Lumbago,	Skin Diseases	Venereal Sores,
Sores of all kinds,	Mercurial Eruptions,	
Swelled Glands,	Wounds of all kinds.	

CAUTION.—None are genuine unless the words "HOLLOWAY, NEW YORK AND LONDON," are discernible as a *Water Mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light*. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world.

☞ There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot and box.

1,000,000,

FOR ONE DOLLAR.

The Merchants' and Manufacturers'

Jewelry Association

Calls your attention to the fact of its being the largest and most popular Jewelry Association in United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and recent disastrous financial crisis in Europe, has caused the failure of a large number of jewelry houses in London and Paris, obliging them to sell their goods at a great sacrafice, in some instances less than one third the cost of manufacturing. We have lately purchased very largely of these bankrupt goods, at such extremely low prices that we can afford to send away finer goods, and give better chances to draw the most valuable prizes than any other establishment doing a similar business. OUR AIM IS TO PLEASE, and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than one dollar, retail, and there are no blanks. Parties dealing with us may depend on having prompt returns, and the article drawn will be immediately sent to any address by return mail or express.

The following parties have recently drawn valuable prizes from the Merchants' and Manufacturers' Jewelry Association, and have kindly allowed use of their names.

Frederick V. Browne, Esq., Treasury Department, Washington, D. C., Piano, value, $450; Miss Anna L. Frost, Waverly Terrace, N. Y. city, Ladies' Gold Enameled Diamond Set watch—value, $300; William B. Emmons, New Orleans, La., Sewing Machine, value, $75; George L. Davenport, Mobile, Ala., Silver Tea Set, value, $200; Miss Lucy Orcutt, Albany, Ill., Sewing Machine, value, $65; Mrs. Mary J. Downing Louisville, Ky., Gold Watch, value, $200; James B. Fowler, Harrisburg, Pa., Silver Hunting case watch, value, $75; Rev. William Peyster, Milwaukie, Wis., Wheeler and Wilson Sewing Machine, value, $125; J. J. Bickford, San Francisco, California, Gold Lined Silver Tea Set, value—$300; Edward L. Rice, St. Louis, Mo., Melodeon, value, $250; Miss Helen E. Sinclair, Detroit, Mich., Diamond cluster ring, value, $225; Horatio G. Frost, Chicago, Ill., Large oil painting value, $300; Mrs. Charlotte E. Hewins, Doniphan, Kansas, Chickering Grand Piano, value, $700, and Music Box, value, $65.

Many names could be placed on the list, but we publish no names without permission. Our patrons are desired to send U. S. Currency when convenient.

THE HOWE
SEWING MACHINES,
Manufactured by the
HOWE MACHINE COMPANY,
No. 699 Broadway, N. Y.

For Families and Manufacturers.

They are celebrated for doing the best work, using a much smaller needle for the same thread than any other machine.

The New Improved Family Machine is without a rival, and cannot be surpassed—a Hemmer, Feller, Braider, Quilter, and Guide, go [with each Family Machine free of charge.

Every machine is as near perfection as the best machinery in the world can make it.

They are adapted to all kinds of Family sewing and Manufacturing of every description, making a beautiful and perfect stitch, alike on both sides of the articles sewed, and will neither rip nor ravel.

The parts being exactly alike, if any part needs to be replaced, the operator can replace it.

Loss of time and expense of sending to a machine shop rarely occurs.

PATENT MEDICIN.

HELMBOLD'S BUCHU.

THE ONLY KNOWN REMEDY

FOR

DIABETES,

IRRITATION OF THE NECK OF THE BLADDER, INFLAMATION OF THE KIDNEYS CATARRH OF THE BLADDER, STRAGUARY OR PAINFUL URINATING.

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

PHYSICIANS AND OTHERS

PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract of Buchu, is composed of Buchu, Cubebs, and Juniper Berries, selected with great care, prepared in vacuo and according to rules of

Pharmacy and Chemistry.

These ingredients are known as the most valuable Diuretics afforded.

A DIURETIC

is that which acts upon the kidneys.

HELMBOLD'S EXTRACT BUCHU

ACTS GENTLY

Is pleasant in taste and odor, free from all injurious properties, and immediate in its action.

FOR THE SATISFACTION OF ALL

See Medical Properties contained in the Dispensatory of the United States, of which the following is a correct copy:

"BUCHU. Its odor is strong, diffusive, and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, morbid irritation of the Bladder and Urethr, diseases of the Prostrate, and Retention or the Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy."

[DR. KEYSER is a physician of over thirty years' experience, and a graduate of the Jefferson Medical College and of the University of Medicine and Surgery of Philadelpia].

MR. H. T. HELMBOLD:

DEAR SIR:—In regard to the question asked me as to my opinion about BUCHU, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such inedicate agent would be indicated.

You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired, in my judgement, is warranted by the facts.

I have seen and used, as stated before, every form of BUCHU—the powdered leaves the simple decoction, tincture, fluid extracts; and I am not cognizant of any preparation of that plant at all equal to yours. Eighteen years experience ought, I think, to give me the right to judge of its merits, and with-out prejudice or partiality, I give yours precedence over all others.

I value your Buchu for its effects on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other proprietary compound of whatever name, or any other Buchu.

Respectfully yours, &c.,

FAMILY
SEWING MACHINES,
Are the best in Use,
FOR THE FOLLOWING REASONS:

They are more simple and durable easier kept in order, make a stronger and more elastic stitch, a firmer and more beautiful seam than any other. They sew all fabrics from two common spools, require no re-winding of thread, fasten both ends of the seam by their own operation, and though every fifth stitch is cut the seam will not rip.

They Stitch, Hem, Fell, Cord, Bind, Tuck, Quilt, Gather, Braid, and Embroider. No other machine Embroiders, as well as Sews perfectly.

MEDICAL.

PRIVATE Medical INSTITUTE,
Established by
DR. J. C. YOUNG, IN 1850,
For the cure of all Private Diseases and
ALL FEMALE COMPLAINTS.

CONSULTING OFFICE,
536 WASHINGTON STREET,
SAN FRANCISCO,.....CALIFORNIA.
NO CURE, NO PAY.

Consultation by letter, or otherwise, FREE. For direction of letters, see below.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles iis dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, or NO PAY REQUIRED, at the

Private Medical Institute,
No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa.

The young man who experiences that growing weakness in his muscular and mental organization, should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnes and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one who looks to him for so much of her happiness, is a victim to this evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and carefil research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its unsuulded victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and bear the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

MEDICAL.

FRENCH MEDICAL OFFICE

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs, entrance either Montgomery or Sacramen streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long after- ward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pains, bness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible general habits of living, occupation, etc., etc.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Debility, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

To Females.

When a female is in trouble, or afflicted with disease as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousnes extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility and all other diseases peculiar to females, she should go or write at once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about her troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are opened only and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be unnecessary, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted. Consultation by letter or otherwise, FREE. Permanent cure guaranteed or no pay.
